# TestRail

## Summary for Cases (Defects) 9/2/2025

Project: Happet - Online Pet Shop
By hesham henry, 9/2/2025 7:35 PM

## Test Runs

No test runs found with defects.

## Comparison & Summary

### Login Feature

**1. Registration Feature** (9)

This document outlines a comprehensive set of test cases for the registration functionality of the Happet.net website. These test cases cover various scenarios, including valid and invalid inputs, edge cases, and security considerations, to ensure the robustness and reliability of the registration system.

| ID | Title | Latest & Combined |
|----|-------|-------------------|
| C1 | Successful User Registration with Valid Data | |
| C2 | Registration with Existing Email Address | |
| C3 | Registration with All Required Fields Empty | |
| C4 | Registration with One Required Field Empty | |
| C5 | First/Last Name Field - Valid Inputs (Arabic/English, Spaces) | |
| C6 | First/Last Name Field - Invalid Inputs (Special Chars, Numbers, Length) | |
| C7 | Email Field - Invalid Formats (Missing @, Domain, Username) | |
| C8 | Password Field - Strength Requirements (Min Length, Complexity) | |
| C9 | Password Field - Input Masking | |

**2. Login Functionality** (8)

Comprehensive test suite covering all aspects of the login functionality for Happet.net, including functional, usability, performance, and security testing.

| ID | Title | Latest & Combined |
|----|-------|-------------------|
| C10 | Login with Valid Credentials | |

| C11 | Verify "Show/Hide Password" Functionality | |
|-----|-------------------------------------------|---|
| C12 | Login with Incorrect Password | |
| C13 | Login with Unregistered Email | |
| C14 | Login with Empty Email Field | |
| C15 | Login with Empty Password Field | |
| C16 | Login with Both Fields Empty | |
| C17 | Login with Invalid Email Format | |

### 3. Password Reset / Forgot Password Functionality (5)

This section covers all test cases related to the 'Forgot Password' or 'Password Reset' flow, which is a critical component of user access management.

| ID | Title | Latest & Combined |
|-----|-------|-------------------|
| C18 | Verify successful password reset request with a valid, registered email | |
| C19 | Verify the system's response to an unregistered email address | |
| C20 | Verify the system's response to an invalid email format | |
| C21 | Verify submitting the form with an empty email field | |
| C22 | Verify successful navigation to the password reset page via the email link | |
